

# LONG TERM CARE COMMUNITY COALITION

*Advancing Quality, Dignity & Justice*

Holiday Season 2020

Dear Friend:

Residents in nursing homes and assisted living have never faced greater challenges than they have this year, as the coronavirus exacerbated longstanding problems in our long term care facilities. Far too many vulnerable residents suffered and even died due to infection with COVID-19. Too many more suffered silently, as a result of abject neglect and loneliness.

Thanks to the generosity of our supporters, LTCCC has been able to make a difference in the lives of residents and their families in the face of the pandemic. We have fought every day for better care, safety, and humane treatment. We have worked with families and ombudsmen, so that they can effectively advocate for better care in their facilities. We have advocated on both the state and national levels for better staffing, family visitation, and improved infection control safeguards.

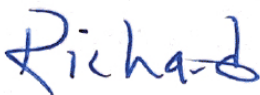

***LTCCC is a small organization, but with your help we can make a big difference in residents' lives.***

Please help us today, so that we can continue to be a strong voice for quality care and life with dignity in the coming year.

LTCCC is a small organization, but with your help we can make a big difference in residents' lives. People in long term care are often very vulnerable. Frail elderly people cannot easily walk out of their nursing home when the care is bad. An individual with significant dementia cannot simply explain when they are frightened or hungry or uncomfortable. We are entirely dedicated to providing a strong voice for the residents and families who depend on their nursing home or assisted living. We hope that you will join us in supporting our mission!

Thank you for your consideration.

Sincerely yours,

Richard J. Mollot  
Executive Director
