Abuse Critical Element Pathway

Use this pathway for investigating an alleged violation of abuse to a resident. This would include allegations where a resident was deprived of goods or services by an individual, necessary to attain or maintain physical, mental and psychosocial well-being. If photographic documentation is obtained during the survey, refer to S&C-06-33. In addition, for investigating other concerns:

- Refer to the Investigative Protocol found at F603 for concerns related to involuntary seclusion;
- Refer to the Neglect CE Pathway to investigate concerns about structures or processes leading to a resident(s) with an outcome, for example, unrelieved pain, avoidable pressure ulcers/injuries, poor grooming, avoidable dehydration, lack of continence care, or malnourishment; or
- Refer to the Investigative Protocols for F607/F609-Reporting Reasonable Suspicion of a Crime, if a covered individual did not report a reasonable suspicion of a crime or for an allegation of retaliation. If the surveyor discovers a reasonable suspicion of a crime committed against a resident of, or an individual receiving services from, the facility and it has not been reported by a covered individual, the surveyor reminds the facility of the covered individuals’ obligation to report suspected crimes to the appropriate agencies within the required timeframes. “Covered individual” is anyone who is an owner, operator, employee, manager, agent or contractor of the facility. If a covered individual reports the suspected crime to local law enforcement, the surveyor must verify that the report was made (e.g., obtain time/date of report, name of person who received report, case number, etc.). If the covered individual refuses to report, or the surveyor cannot verify that a report was done, the surveyor must consult with his/her supervisor immediately, and the SA must report the potential criminal incident to law enforcement immediately.

NOTE: If you witness an act of abuse or receive an unreported allegation of abuse, you must immediately report it to the facility administrator, or his/her designated representative if the administrator is not present. The survey team would then determine whether the facility takes appropriate action in accordance with the requirements at F609 and F610, including implementing safeguards to prevent further potential abuse. If you witness an act of abuse, you must document who committed the abusive act, the nature of the abuse, where and when it occurred, and potential witnesses.

Review the following in Advance to Guide Observations and Interviews:

- Information related to an alleged violation of abuse, such as:
  - Date, time, and location (e.g., unit, room, floor) where alleged abuse occurred;
  - Name of alleged victim(s), alleged perpetrator(s) and witnesses, if any;
  - Narrative/specifics of the alleged abuse(s) including frequency and pervasiveness of the allegation; and
  - Whether the allegation was reported by the facility and/or to other agencies, such as Adult Protective Services or law enforcement.

- Sources for this information may include:
  - Resident, representative, or family interviews, observations or record review;
  - Reports from the long-term care ombudsman or other State Agencies;
  - Deficiencies related to abuse (CASPER 3 Report); and
  - Complaints and facility-reported allegations of abuse, including any facility investigation reports, received since the last standard survey.
Facility’s abuse prohibition policies and procedures provided during the Entrance Conference (review only those components necessary during the investigation to determine if staff are implementing the policies as written). Refer to F607.

Observation across Various Shifts: Request staff assistance to make observations, as needed. Only if you are a licensed nurse or practitioner can you observe the resident’s private areas.

- Observe whether the alleged perpetrator (staff, other resident, or visitor) is present in the facility. What access does the alleged perpetrator have to the alleged victim and other residents?

- Describe the alleged victim’s reaction, if any, when the alleged perpetrator, or a specific resident(s) or staff person(s) is present:
  - Avoids or withdraws from conversations or activities;
  - Displays fear of, or shies away from being touched; and/or
  - Exhibits behaviors such as angry outbursts, tearfulness, or stress (agitation, trembling, cowering)?

- Describe physical injuries, if any, related to the alleged abuse, such as:
  - Fractures, sprains or dislocations;
  - Burns, blisters, or scalds;
  - Bite marks, scratches, skin tears, and lacerations with or without bleeding, including those that would be unlikely to result from an accident;
  - Bruises, including those forming shapes (e.g., finger imprints) or found in unusual locations such as the head, neck, lateral locations on the arms, posterior torso and trunk, inner thigh, genital area and/or breasts; and/or
  - Facial injuries, including but not limited to, broken or missing teeth, facial fractures, black eye(s), bruising, bleeding or swelling of the mouth or cheeks.

- Observe and describe:
  - If the alleged perpetrator is a resident, whether he/she displays symptoms, such as
    - Verbally aggressive behavior, such as screaming, cursing, bossing around/demanding, insulting to race or ethnic group, intimidating;
    - Physically aggressive behavior, such as hitting, kicking, grabbing, scratching, pushing/shoving, biting, spitting, threatening gestures, throwing objects;
    - Sexually aggressive behavior such as saying sexual things, inappropriate touching/grabbing;
    - Taking, touching, or rummaging through other’s property;
    - Wandering into other’s rooms/space; or
    - Resistive to care and services.
  - If the alleged perpetrator is staff, whether he/she displays rough handling of residents, appears rushed, dismisses requests for assistance, expresses anxiety, or frustration regarding work and lack of staffing.

- Observe for possible environmental factors related to the alleged abuse, such as:
  - If in a resident’s room, the room configuration, presence of privacy curtains, and the availability of a working call light/call bell;
  - Lighting levels; or
  - Location in relation to the nurse’s station, staff lounges, or outside access such as windows, doors, or hallways.
Abuse Critical Element Pathway

☐ For an allegation that a resident was deprived of goods or services by staff, observe for physical/psychosocial outcomes related to care deficits.

Interviews: Be impartial, use discretion, and non-judgmental language. Use an interpreter as needed to obtain as accurate information as possible. Attempt to interview the alleged victim and witnesses as soon as possible.

Alleged Victim or Representative and Witness(es) Interview: Conduct private interviews unless the alleged victim requests the presence of another person. Observe the alleged victim’s emotions and tone, as well as any nonverbal expressions or gesturing to a particular body area, in response to the questions. Maintain the confidentiality of witnesses and the person who reported the allegation (e.g., change the order of the interviews, location or time), to the extent possible. During the interview with the witnesses, the surveyor may ask him/her to re-create or re-enact the alleged incident, to better understand the sequence of events.

☐ For the alleged victim/resident representative/witness, ask, as applicable:
  o What occurred prior to, during, and immediately following the alleged abuse?
  o When and where did the alleged abuse occur?
  o Could he/she identify the alleged perpetrator and any witnesses? Who?
  o What was said? What was the tone of the alleged perpetrator’s voice or volume?
  o Did you report the alleged abuse? Who did you report it to? What was their response? If not reported, what prevented you from reporting the alleged abuse?
  o Did you report the alleged abuse to any external entities (e.g., police, physician, ombudsman, and other state agencies)? Who did you report it to? What was their response?
  o Do you think retaliation has occurred since you reported the alleged abuse? If so, what actions were taken?

☐ For the resident’s representative, ask, as applicable:
  o Have you observed any changes in the alleged victim’s behavior, and if so, describe?

☐ For an allegation that a resident was deprived of goods or services by staff, for the alleged victim/resident representative, ask, as applicable:
  o How do staff respond to your requests for assistance? If staff do not respond, what happens?
  o Do you have any concerns about the manner in which care is provided to you? If so, describe. Did you report this to anyone? If so, to whom, when, and what was the response?
  o Do you feel that you have had any negative changes (e.g., weight loss, pressure ulcers) because of the failure to receive the care that you need?
  o Have you had any changes in medication (e.g., antipsychotics) that may be impacting the care you receive?

☐ For the alleged victim/resident representative, document as applicable:
  o Did you suffer any injuries (e.g., bruises, cuts, fractures) from the alleged abuse? Please describe, including the alleged victim’s response to the injuries (e.g., pain, new difficulty sitting or walking).
Abuse Critical Element Pathway
